Lindsay Lohan

JARETT: Not dreaming of this genie.

RYAN: This girl is carrying a load of issues in her life — and her pants!

ERIKA: Hey, it's better than a crotch shot!

DAVID: Hurry, someone get Lindsay back in her cage before she does something else stupid!

Samantha Ronson

RYAN: Okay, okay, we're sorry for making fun. *Please* go put your man clothes back on.

COOPER: How do those sickly skinny legs hold her torso up?

JARETT: Whaddya know — under Sam's baggy clothes lies the bod of an Olsen twin!

Whitney Port

CANDIS: I hope she's on her way to see a new stylist.

RYAN: Photographers are *still* taking pictures of this hand-me-down?

JARETT: Whitney's debuting the world's first Smurf camel toe.

ERIKA: Keep walking, Whitney... cabs don't stop for roadkill.
