SPLASH INTO SPRING

“*Whatever I design, I like to keep it fun, interesting and always exciting. No matter what, I like to include an element of happiness.*”
— David Bromstad

Artist, designer and TV host David Bromstad, known for his ability to transform rooms into vibrant, unforgettable spaces, brings his unique talent to a new realm of design. This Spring, David has partnered with Naturalizer to infuse his colorful vision into a collection of fabulous shoes and accessories.

Drawn to Naturalizer's commitment to designing stylish shoes that make women look and feel great, David was inspired to create a one of a kind painting that comes to life in the fresh and fun *Bromstad for Naturalizer* collection.

“*Whether it's home or fashion, accessories complete any look. It's the place to add that pop of color, the fun, the personality, the unexpected.*”
— David Bromstad

THE INSPIRATION

With the intention of evoking the feeling of summer, David created a floral painting that brings together roses from a New England garden and a tropical hibiscus from Florida. It's North meets South—an unexpected twist. And florals are right on trend for Spring 2014.
