

Grandin Road David Bromstad Mongolian Lamb Fur Pillow Review

celebrating 12 years in style

I have been enjoying browsing on the Grandin Road website for years, but up until recently, I had never ordered. I was offered something really special from the David Bromstad collection, and I am so excited to share this with you!

David Bromstad Mongolian Lamb Fur pillows. Now, I have to admit that these probably wouldn't be something I would buy normally, but the minute I pulled them out of the box, I was smitten with them. They are much larger than I expected, and they are soft, soft, soft!

These arrived at a great time, as I am redoing our bedroom. These actually "made" our bed {pun kind of intended} really pop, coupled with the slate grey pillows I had planned on using already.

I am SUPER impressed with the quality of these pillows. I kind of feared that there would be fur everywhere, but that is not the case at all. I haven't had any fur come off of the pillow yet, and that makes me quite happy (less cleaning for me!). The case is removable for washing, and again, it is as sturdy as it can be. The stitching on the zipper is secure and I can see it being washed several times without ruining the shape or condition of the case.

An up-close view to show you how gorgeous these pillows are. I am not the only one who is in love with these pillows though. A designer friend of mine was over recently and she literally screamed when she saw them. She said over and over, "I want those!". She couldn't stop talking about them (literally) and I jokingly told her that I was keeping an eye on her, to make sure they didn't magically "disappear". She has helped me in any ways, and I am contemplating getting her a set of her very own. Her reaction would be PRICELESS!

Tada! Our bed has come together nicely, thanks to my mongolian fur pillows. I can actually use them for years to come, and with any new decor I might choose. The color makes them so versatile, and who knows, I just might use them in our living room or family room one day.
